

Kitchen is about food and Convoy is the ultimate dry food storage pull out system.

Product features

- The unit comes with one frame, one runner and 4 or 5 shelves (to order separately) depending on the available height.
- 3 different heights of frames.
- 3 different widths of shelves are available : 400mm (15 ¾"), 450mm (17 ¾") and 550mm (21 5/8").
- Shelves come in 2 versions : maple or grey anti-slip bottom with a glass and chrome railing for a maximum overview and transparency.
- Shelves are accessible from three sides and with infinitely variable height adjustment.
- Flexible, elegant design.
- Straightforward assembly: one standout feature of Convoy Lavido is the ease of installation.
- Convoy Lavido is a great storage solution for units with hinged doors, it is not attached to the door which makes it more versatile.
- Suitable for several rooms in the house: kitchen, living room.
- Weight capacity: 120 kg (270lb).
- Smooth closing device included.
- Completely synchronized runner providing soft opening and closing
- Shelves come with anti-slip coating and CARB certified melamine
- Works with 110D opening but 155-165D opening is recommended for a better access on 3 sides (avoid protrusion hinge, shelf).

Transparency

Space storage optimization

Unlimited height adjustment

Access on 3 sides

For a complete unit: order 1 frame + 1 runner + X number of baskets

Internal depth required: min. 500mm (19 3/4")
